SAFETY
AUTOMOTIVE PARTS

Company Overview

Safety International is a trailblazing Delhi-based manufacturing company that has been redefining the automobile parts industry since 2015. The company prides itself on manufacturing suspension arm sheet and metal components, as well as suspension arm rubber bush, with a focused approach to quality that aligns with OEM standards.

With an unwavering commitment to quality, Safil Auto India has built an ideal infrastructure for producing precise components requiring multiple machining operations.

Area of Expertise

High Quality Products

At Safety International In, delivering high-quality products is not just a practice but a habit. From the utilization of authentic raw materials to maintaining the original equipment manufacturer's (OEM) quality standards, all efforts are directed towards achieving precision in the final products. The manufacturing process at Safety International complies with the ISO 9001:2015 certification standard, which guarantees quality maintenance throughout the production cycle.

Infrastructure & Facilities

Safety International India's manufacturing unit is located in the Pooth Khurd area of Bawana in New Delhi, covering a spacious area of 24,700 square feet. The company's facilities are equipped with state-of-the-art design, machining, and support utilities, making it a one-of-a-kind combination for all-around development.

Customer Service

At Safety International, customer satisfaction is key. We are dedicated to delivering products and services flawlessly and on time to meet customer expectations. The company meticulously inspects all components at every stage of production to ensure quality, with customer needs always top-of-mind. Tooling, jigs, and fixtures are developed to meet the specific requirements of each part manufacturing process, resulting in enhanced productivity and quality. Safety International strives to understand customers' needs to provide the best possible service.

Our Team

Safety International has a team of competent and qualified employees who manage the day-to-day activities of various departments, including workshop supervisors, skilled and semi-skilled

workers, and managerial and administrative staff. At Safety International, the policy ensures the right person is in the right role.

- **Key positions include** Production Managers, Quality Engineers, Design Engineers,
- Purchase & Store Managers, and Workshop Supervisors.
- The company has over **60 employees**, including skilled, semi-skilled, and unskilled workers.

Reasons to Choose Us

Safety International offers compelling reasons to choose them as a preferred partner:

- Manufacturing quality products for all Automobile parts since 1995
- Unique “Negotiated Partnership” approach that helps reduce outsourcing costs through better engineering and commitment
- Focus on cost requirements and innovation to lower actual cost
- The service-oriented company is committed to providing a genuine relationship that guarantees lower actual cost

Our Vision

Our vision at Safety International is to become the aspirational automotive brand in India by 1995.

To achieve this, we will:

- Consistently deliver superior and new-generation products.
- Exceed customer expectations in every possible way.
- Create a highly engaged and collaborative work environment encouraging innovation and creativity among our team members.

Reasons to Choose Us

Our Mission

Safety International aims to enhance the quality of life by anticipating and providing the best products for all Indian car companies through innovative mobility solutions. In the years to come, the company plans to expand its product line to include track control arms, suspension steering rubber parts, and rubber bushes for all Indian cars.

TABLE OF

CONTENTS

1. SUSPENSION ARMS	1 - 34
2. SUSPENSION BALL JOINT	35 - 54
3. STABILIZER LINK	55 - 71
4. SUSPENSION BUSH KIT	72 - 105
5. SHOCKER MOUNT	106 - 123
6. REAR COIL PAD	124 - 135
5. JUMPING ROD BUSH	136 - 154
8. SUSPENSION BUSH (BIG & SMALL)	155 - 198
9. CERTIFIED.....	199 - 201
