About Us

SAFETY is a leader in distribution of automotive care products of Indian reputed. It is involved in manufacture of automotive care products. SAFETY has a range of quality products like Paint Protection Sealant, Engine Care (P. U. Coating), Upholstery Cleaning, Engine De-Carbonising, Silencer Coating. Additives, Aerosols and several other car care products. The company is committed to supply high quality products, prompt services of supplies skilled Manpower, networking & communication and after sales service.

SAFETY products is committed to maintain vehicles through high quality automotive maintenance services for fuel systems, engines, transmissions, brakes, cooling, battery and Climate control systems.

We provide the high quality products and equipments to dealerships and franchises so they can perform SAFETY automotive maintenance services on consumer vehicles.

We believe that "Hard work & dedication never gets wasted; it might take time to realize the benefits though." Our punch line "Passion To Perform".

We are having pure knowledge of car detailing products as most of our staff has a long experience in this field. Our team plans and conceptualize the strategy to achieve the business goal as well as maintain strong and credible relationship with our business partner and clients. We constantly train our employees and motivate them to develop team-spirit which is essential facet of our business helping us to develop a close bond with our business partners. We take the time to train service advisors to convey the importance and effectiveness of automotive products. We also train technician on proper procedures for performing our services the utmost competence.

SAFETY provides these services to several major four wheeler/ two wheeler workshops in India i.e. Maruti, Hyundai, Tata Motors, Ford, General Motors, Mahindra & Mahindra, Honda, Toyota, Bajaj, Hero, Honda etc.

CAR & BIKE CARE PRODUCT CATALOGUE

| CAR CARE | AEROSOL | ADDITIVE | EQUIPMENT |

FUEL ADDITIVE (FUEL INJECTION CLEANER)

Description: Four stroke bike additive contains cleaning and dispersant additives and is specially formulated for four stroke motorbike engines (aspirated and injection) removes dirt and resin deposits in fuel lines, pumps, carburetors, valves and injectors. Also removes oxidation residue. Normalizes petrol consumption and exhaust valves.

50 ml

ENGINE OIL FLUSH

Description: Engine flush is a specially formulated. Combination of Additive and carrier fluid in combination with the carrier fluid, highly effective detergent and dispersant additive dissolve sludge lacquer formers, cleans engine & prepare for new oil safe enough to use during every oil change. Help to keep the rings free from sticking.

50 ml

WINDSHIELD CLEANER

Description: Windscreen cleaner is a highly effective concentrate which has been specially formulated for vehicle wind shield washer systems as well for manual cleaning of vehicle window.

50 ml

HELMET CLEANER

Description: Helmet cleaner is an active foam cleaner which has been specially developed for gently and quickly removing dirt from various types of Helmet cleaner, velours, carpets and vehicle coverings. Helmet cleaner forms crystals as the foam dries out, fresher's the colours on the part which have been cleaned but does not leave any dirty edges after treatment.

150 ml

TYRE POLISH

Description: Tyre polish has been specially developed to give the optimum treatment to rubber components and tyres. Rubber treatment cleans, protects and enhances the appearance of tyres and rubber components in a single process. Rubber treatment freshens the colours, keeps rubber components shining and elastic and prevents rubber door seals from freezing closed in water.

200 ml / 450 ml / 5 ltr.

ALL PURPOSE POLISH (PROTECT ALL)

Description: Vinyl & dash board polish is used universally for cleaning, preserving, care and protection. Vinyl & dash board polish can be used for motor vehicles, hobbies, household and garden. This high concentration treatment preparation gives a deep, matt-silk sheen to even badly weathered plastic surfaces. Vinyl & dash board polish repels dirt, dust and water.

150 ml / 450 ml

VINYL & LEATHER POLISH

A unique vinyl and leather polish is formulated for interior use. Direction for use: Apply the polish to cool, clean & dry surface. Shake well before use spread it uniformly on the surface by sponge or clean cloth and allow to dry gently buff it with a micro fiber cloth or soft cloth to a high finish.

100ml / 200ml

GLASS CLEANER

Description: Glass cleaner is a highly effective cleaning which has been specially formulated for use in vehicle windscreen washer systems as well as manual cleaning of vehicle window and household glasses.

450 ml

FINISHING COMPOUND STEP-1

Due to its special composition finishing compound even out light scratches. Effectively removes p 1200 grade and finer sanding scratches. It provides gloss and paint protections.

100 gm / 500 gm / 1000 gm

FINAL FINISH STEP-2

Final finish is specially designed for removing p2500 and finer sanding scratcher. It repels rain and dirt over long periods and increases the paint's resistance to damaging environment. It Provides Glossy.

100 gm / 500 gm / 1000 gm

RUBBING COMPOUND (HIGH FINISH)

Rubbing compound high finish is specially formulated compound for all dull painted surface. It is used for clean and shine painted surface.

200 gm

RUBBING COMPOUND 2K

XOTO 2K Rubbing compound is a specially formulated compound for all automobiles finishes. It removes and scratches from all types of refinish or factory applied automotive paints. May also be used to remove car wash scratches, oxidation or other defects from paints that do not require sanding.

100 gm / 500 gm / 1000 gm

ENGINE OIL FLUSH

Engine Flush is a special formulated combination of additives and carrier fluid, in combination with the carrier fluid, the highly effective detergent and dispersant additive dissolve sludge and lacquer Formers. All types of oil-soluble and oil insoluble residues are brought into suspension and removed during the next oil change. An engine which has been cleaned of deposits and contamination and which is then filled with fresh oil not contaminated with oil impurities can develop its full performance characteristics.

250ml

RADIATOR FLUSH

A concentrate specially develop for cooling systems in general but particularly those in motor vehicles. dissolves contaminates containing lime and oil in radiators, heating system, pipes and in engine. Modern Formula Containing complexants with active cleaning agents.

250ml

PREMIUM PETROL TANK ADDITIVE

Premium Petrol Additive is an state of the art, ash free fuel additive for improving combustion and acceleration in partial load range. Compatible With all gasoline and additive qualities. Premium Petrol tank Additive considerably improve vehicle acceleration.

250ml

OIL ADDITIVE

Oil Additive is a multi functional high performance additive for reducing friction and wear and stabilizing viscosity. It protects engine oil against viscosity loss even under the hardest condition and protects the engine against wear oil treatment is based on the latest additive technology and is compatible with all synthetic and mineral engine oils.

250ml

AC DISINFECTION FOAM CLEANER

Description : ac disinfection cleaner is a highly effective cleaner with disinfectant properties. It cleans lowers of car- conditioner, ducts & coils, its natural essential oil formula elements bacteria and contact.

150 ml / 500 ml

ELECTRIC CONTACT SPRAY

Description: electronic spray is a fully synthetic contact spray which is compatible with plastics and formulated for use on vehicle electronic and electrical systems. Electronic spray contains no silicones or mineral, animal or vegetable base oils.

150 ml / 500 ml

XD-40

DESCRIPTION: Protects electric terminals lubricates & protects machinery from rust lubricates and protect their tools loosen nuts and bolts Keeps ball bearing dry. Protects pcb die electric strength and others.

150 ml / 500 ml

UPHOLSTERY FOAM CLEANER

Description: foam cleaner is an active foam cleaner which has been specially developed for gently and quickly removing dirt from various types of upholstery, velours, carpets and vehicle coverings. Upholstery foam cleaner forms crystals as the foam dries out, freshens the colours on the parts which have been cleaned but does not leave any dirty edges after treatment.

150 ml / 500 ml

SILKY FINISH

Water Repellent: High gloss Finish | UV ray protection for use on: paint & Fiberglass surface of cars, scooty and Motor cycle etc. Specially suitable for clear wet Metallic & 2k

100 ml / 200 ml/1000 ml/5 Ltr.

LIQUID WAX

Clean Wet Safe: Provide UV Protection water repellent XOTO liquid wax gives an easy, fast and professional high gloss finish. Specially suitable for clear wet metallic and 2k paints.

100 ml / 200 ml / 450 ml / 1000 ml/5 Ltr.

SCRATCH REMOVER

Descriptions: Scratch remover is the only product that completely removes scratches from all paint finishes. Imagine using a scratch guard on a car that actually repairs and completely removes the scratch, rather than just cover it up only to have it reappear after a few car washes. Scratch guard is a unique repair system that through a german engineered process called plastic deformation, effectively removes scratches from all paint finishes quickly and safely, saving you thousands of rupees in auto.

100 ml / 200 ml

WASH & WAX SHAMPOO

Description: Wash & wax shampoo has been specially developed for gently and effectively cleaning the surface of paintwork. Using thoroughly biodegradable washing agents, wash shampoo removes without trace dust and oily or greasy contamination. The finely pored foam preserves paint, rubber, plastic and glass.

100 ml / 450 ml / 5 ltr.

1105

Engine Oil Flush

Engine Flush is a special formulated combination of additives and carrier fluid. In combination with the carrier fluid, the highly effective detergent and dispersant additives dissolve sludge and lacquer formers. All types of oil-soluble and oil insoluble residues are brought into suspension and removed during the next oil change. An engine which has been cleaned of deposits and contamination and which is then filled with fresh oil not contaminated with oil impurities can develop its full performance characteristics.

250 ml

1106

Engine Oil Additive

Engine Oil Additive is a multi functional high-performance additive for reducing friction and wear and stabilizing viscosity. It protects engine oil against viscosity loss even under the harshest conditions and protects the engine against wear Oil Treatment is based on the latest additive technology and is compatible with all synthetic and mineral engine oils.

250 ml

1107

Oil Smoke Stop

Oil Smoke Stop reduces the oil consumption of gasoline and diesel engines via the piston rings and valve guides. It prevents blue smoke and oil mist and acts against the loss in viscosity in motor oils Oil Smoke Stop increases the compression ratio and reduces engine noise. Provides extra protection in engines with high levels of wear. Extends the service life of catalytic converters.

250 ml

1108

Transmission Oil Additive

Transmission Oil Additive considerably reduces wear and lower peak temperatures. Gear Oil Additive smooths out tooth faces and ensures almost wear-free smooth running operation as well as less harsh shifting. For special use in manual and differential transmissions.

250 ml

1101

Fuel Injection Cleaner

Fuel Injection Cleaner is a highly effective combination of active agents for cleaning and protection. This product is formulated in accordance with the latest standard of fuel and additive technology and meets the requirements of today's engines, fuels and running conditions. Suitable for all gasoline fuel injection systems such as K, KE and L-Jetronic systems, etc.

250 ml

1102

Premium Petrol Tank Additive

Premium Petrol Additive is a state-of-the-art, ash-free fuel additive for improving combustion and acceleration in partial load range. Compatible with all gasoline and additive qualities. Premium Petrol Tank Additive considerably improves vehicle acceleration.

250 ml

1103

Diesel Additive

Diesel Additive is a new diesel fuel additive for combustion improvement and faster acceleration associated with it, above all in partial load range. Fully Compatible with all conventional diesel and bio Diesel fuels. Diesel Additive considerably improves vehicle acceleration.

250 ml

1104

Premium Diesel Additive

Premium Diesel Additive is a state-of-the-art, ash-free fuel additive for improving combustion and acceleration in partial load range. Compatible with all gasoline and additive qualities, Premium Diesel Additive considerably improves vehicle acceleration.

250 ml

ANTI-RAT TREATMENT

Description: Anti rat treatment spray is an easy to use, natural essential oil based product. When sprayed it prevents rodents from nesting, traveling and congregating in unwanted areas. Ideal for cars, trucks, buses, schools, homes, offices, warehouses, garages etc. This product does not kill rodents but just drives them away. Being essential oil based, this product is harmless to humans and has a pleasant minty smell.

150 ml / 500 ml

EGR & TURBO CLEANER

Description: Egr & turbo cleaner is formulated to liquefy deposits and unburned fuel formed by egr and pcv gases as the pass through the air intake and intake valves. Egr & turbo cleaner will liquefy the deposits allowing them to be burned in the normal combustion process.

150 ml / 500 ml

WINDOW DRESSER SPRAY

Description: Window Dressers an excellent polymer based lubricant for rubber, plastic, metal parts and assemblies used window frames of automobiles, sliding windows, rubber beadings, rubber rollers and conveyors etc.

150 ml / 500 ml

TACKY CHAIN LUBE

Description: High quality thermostable, extremely adherent, throw-proof lubricant compound. After the solvent has evaporated, the product leaves an extremely adherent, soft film of grease. Also suitable for o-ring chains.

150 ml / 500 ml

DIESEL ADDITIVE

Diesel Additive is a new diesel fuel additive for combustion improvement and faster acceleration associates with it, above all in partial load range. fully Compatible with all coventional diesel and boi diesel fuels. diesel additive considerably improves vehicle acderation.

250ml

CHROME CLEANER

Product Description From Vehicles, To Boats And Even Inside You Home There Are Many Items Which Require To Be Polished Tool. Bering The Best Out Of Them. Steel.... Chrome Cleaner Gently Deep Cleans And Brightens Chrome Bumpers Wheels Trim And Accessories Advanced Polymers Help Protect

100ml

ANTI - FOG

OXTO Anti-Fog Treatment Uses Cutting edge Moisture absorption technology with an anti-thin coating formula to create a transparent, micro-thin coating so your ride is naver cut short by foggy googles Our Anti-Fog treatment lasts up to five days, and if your spray on the outside of your swim googles or sports glasses, the anti-mist formula will help rain bead off to make your ride that much safer!

100ml

CAR DEO

Xoto Car Deo is a no gas with auto expression pump spray technology , the fragrance stay suspended in the air long after the offensive odor has been destroyed creating a pleasant atmosphere.

100ml

DELUXE MICRO FIBER WIPE

PAINT PROTECTION SEALANT

Description: Due to its special composition, paint protection sealant even out light scratches. Freshens up the paint surface in a single process. The high gloss is easily restored to mildly weathered and matt paintwork. Paint protection sealant repels rain and dirt over long periods and increases the paint's resistance to damaging environments.

150 ml / 500 ml

THROTTLE BODY CLEANER

Description: Special active solvent for cleaning typical contamination and deposits found in the intake and throttle valve areas. Dissolves and removes all smeary deposits and contaminants such as oil, resins, adhesive residues etc. Also reliably cleans nozzles and internal components. Ensures the operability.

150 ml / 500 ml

BATTERY TERMINAL SPRAY

Description: Battery Terminal Coat is a special compound in spray form which is compatible with plastics and is formulated for the maintenance and care of motor vehicle electronic systems, particularly the battery terminals and electrical connectors.

150 ml / 500 ml

OIL ADDITIVE

Description: Two wheeler/bike oil additive is a colloidal, most solid- lubricant. No deposits, absolutely compatible with all filter systems, reduces running-in and running wear, reduces oil and fuel

Consumption. Increases engine smoothness, reliability and economy can be used with wet clutches tested for catalytic converter

1115

Fuel Additive

Four stroke Bake additive contains cleaning and dispersant additives and is specially formulated for four stroke motorbike engines (aspirated and injection).

50 ml

1116

Engine Oil Additive

Two wheeler/bike oil additive is a colloidal, Mos solid-lubricant. No deposits, absolutely compatible with all filter systems, reduces running in and running wear reduces oil and fuel consumption. Increase engine smoothness, reliability and economy can be used with wet clutches tested for catalytic converter compatibility. Compatible with fine filters.

50 ml

1117

Engine Oil Flush

Engine Flush is specially formulated combination of additives and carrier fluid. In combination with the carrier fluid, the highly effective detergent and dispersant additive dissolve sludge and lacquer formers

50 ml

3121-B

MULTI PURPOSE POLISH

Multi Purpose Polish Multi purpose polish is used universally for cleaning, preserving, came and protection multipurpose polish can be used for motor vehicles and hobbies and in the household and garden. This high concentration treatment preparation gives a deep, matt-silk shine to even badly weathered plastic surfaces. Multi Purpose polish repels dirt, dust and water and provides long-term protection

100 ml

1113

Air Intake Cleaner

Special active solvent for cleaning typical contamination and deposits found in the intake and throttle valve areas. Dissolves and removes all smeary deposits and contaminants such as oil, resins, adhesive residues, etc. Also reliably cleans nozzles and internal components. Ensures the operation of all moving parts and reduces fuel consumption.

US Gallon

1114

EGR Cleaner

EGR Cleaner is formulated to liquefy and remove even the most stubborn oil deposits and unburned fuel formed by EGR and PCV gases as they pass through the air intake and intake valves. EGR Cleaner will liquefy the deposits allowing them to be burned in the normal combustion process.

US Gallon

2116D

Engine Dresser

ENGINE DRESSING is a specific brightener for all kinds of engines. Its advanced formula hydrates the plastic coatings and rubbers of the engine. It leaves a shiny, dry, non-greasy finish. The product gives the treated parts a like-new appearance and provides a long-lasting protection.

US Gallon

3125/3126

Underbody Protection

Under body protection is a thixotropic mixture of bitumens, synthetic resins, solvents and special inhibitors. After evaporation, a tough elastic film remains which provides protection against environmental effects and corrosion from de-icing salt. It has excellent corrosion protection properties. The product is thixotropic and is therefore applied as a non-drip coating. This means that the product can be painted on thick layers within a single application.

20 ltr / 1 ltr

3117

Dry Wash

It contains fine abrasives, specially polymer resin and camauaba wax. It cleans and protects in one easy step. It is clear coat safe and very easy to use.

US Gallon

Upholstery Cleaner

Upholstery Cleaner is a cleaning fluid which has been specially developed for rapidly and gently removing dirt from plastic components, fabrics and coverings in the vehicle interior. Upholstery Cleaner thoroughly removes Oil, grease, nicotine and other contaminants.

US Gallon

3127

Engine Care (P. U.)

High Gloss water repellent protective paint for preserving the engine compartment. The engine looks new again prevents corrosion and repels dirt. Protects the engine, ignition leads and system from dampness. Compatible with most rubber and plastic components.

US Gallon

3131/3112

Tyre Polish

Tyre polish has been specially developed to give the optimum treatment to rubber components and tyres. Rubber treatment cleans, protects and enhances the appearance of tyres and rubber components in a single process. Rubber treatment freshens the colour keeps rubber components shining and elastic and prevents rubber door seals from freezing closed in winter.

500 ml / US Gallon

3123

Chrome Cleaner & Shiner

With a new formula of active agents and colour indicator. For gentle and intensive cleaning of aluminium rims and rims made of steel from brake abrasion and other types of soiling. Due to gel-like consistency, the product also adheres to vertical surfaces and guarantees an optimal cleaning capacity; The soiling is penetrated and dissolved quickly and effectively. The cleaning process can be controlled visually by change of colour and reaches its optimum when the cleaner on the wheel can change its colour (to violet). As the PH-value of the product is slightly alkaline, even sensitive aluminium rims, chrome as well as wheel nuts are not affected (acid-free), it meets the requirements of the detergent and cleansing agent regulations.

500 ml

3124/3111

Rubbing Compound

Rubbing compound is a medium cut compound designed to remove heavy swirl marks, scratches and surface blemishes. The rubbing compound is formulated with medium cut compound with professional grade nano technology polishing agents to restore your car's finish and prepare it for waxing. The nano technology are also designed to level and polish surface imperfections while producing a smooth slick surface and flawless shine on your car, truck, van or SUV finishes. Rubbing compound is silicone free and is safe for use on all clear coat and conventional finishes.

500 ml / US Gallon

3129

Underbody Transparent

Vehicle's body is under continue attack by corrosive elements such as unnoticed rain water which enters through doors, glass channels during washing and gets deposited inside the doors, mudguard and running board etc. These are also the known victims of rust. DELCON Transparent. Anti Rust Treatment is crystal clear spray which renders sheet metal parts corrosion proof, preventing rust penetration from inside to outside it is formulated to provide long term protection to car's all doors under bonnet hood underbody, mudguard, running board and dicky inner surface to a corrosives environment.

20 ltr.

3119

WindShield Cleaner Concentrate

Windscreen cleaner is highly effective concentrate which has been specially formulated for vehicle wind shield washer systems as well for manual cleaning of vehicle window.

50 ml

2109

Rust Remover

Rapid Rust Solvent contains a selection of agents with excellent rust- dissolving water repellent, protective and penetrating properties

150ml/500ml

150 ml / 500 ml

2110

Upholstery Foam Cleaner

Upholstery Foam Cleaner is an active foam cleaner which has been specially developed for gently and quickly removing dirt from various types of upholstery, velours, carpets and Vehicle coverings. Foam, Cleaner forms crystals as the foam dries out, freshens the colours on the parts which have been cleaned but does not leave any dirty edges after treatment.

400 ml

2111

AC Disinfection Foam Cleaner

AC Disinfection Foam Cleaner is a highly effective cleaner with disinfectant properties. It cleans lower car-conditioner, duct & coils, its natural essential oil formula elements bacteria contact.

400 ml

2112

Chain Lube Spray

CHAIN LUBE High-quality thermostable, extremely adherent, throw-proof lubricant compound. After the solvent has evaporated, the product leaves an extremely adherent, soft film of grease. Also suitable for O ring chains

150ml/400ml

150 ml / 400 ml

1111

Radiator Additive

Radiator additive Sealant in a dispersion for sealing leaks in water-cooling systems in motor vehicles. The Product reliably seals haircracks and small leaks. The solids dispersion is stabilized in carrierfluid.

250 ml

1112

Radiator Flush

A concentrate specially developed for cooling systems in general but particularly those in motor vehicles. Dissolves contaminates containing lime and oil in radiators, heating system, pipes and in engines. Modern formula containing complexants with active cleaning agents.

250 ml

1109

Inline Petrol System Cleaner

Inline Intensive Petrol System Cleaner is a ready-to-use highly effective combination of additives for cleaning all petrol injections system such as electronic and similar systems. The product has been developed and formulated for use in Jet-Clean units.

US Gallon

1110

Inline Diesel System Cleaner

Inline Diesel System Cleaner contains a highly effective cleaning combination of additives formulated for rapid and cost effective cleaning of disruptive deposits in the fuel system of diesel engines. The Special additives guarantee corrosion protection and increase ignition performance.

US Gallon

Pre-Treatment

Pre Treatment removes tar stains and dirt, oil and grease spots. Cleans and polishes. Restores the original depth of color. Even Out slight surface scratches. Removes contaminants and weathered paint particles. Cleans and polishes Paintwork. The Paintwork Should then be treated with Solid Wax. Suitable for Polishing Machines

3104/3103

500 ml / US Gallon

SCRATCH GUARD

Scratch Guard is the only product that completely removes scratches from all paint finishes. Scratch guard is a unique repair system that through a German Engineered process called plastic deformation. Effectively removes scratches from all paint finishes quickly and safely, saving you thousands of rupees in auto body costs.

3106/3105

500 ml / US Gallon

Paint Protection Sealant

Due to its special composition, paint protection sealant evens out light scratches and freshens up the paint surface in a single process and the high glass is easily restored to mildly weathered and matt paintwork. Paint protection sealant repels rain and dirt over long periods and increases the paint's resistance to damaging environment

3108/3107

500 ml / US Gallon

Wax Polish

Wax polish is a high-grade liquid carnauba wax that imparts a slick, glossy shine and durable paint protection. Wax Polish provides superior paint protection against airborne contaminants, dirt road salt, acid rain and anything else that plagues a daily driver. This easy on easy off liquid wax is a pleasure to work with and you will surely be impressed with the level of gloss and paint protection it provides

3110/3109

500 ml / US Gallon

CAR/ AIR Fresheners

Car/Air Freshener is specially designed to rapidly remove nasty odours and leave behind a long lasting, refreshing fragrance.

Car / Air Freshener is suitable for many environments but are particularly useful for refreshing automobiles, warehouses, offices, shops and the home.

Shake well before use. Hold can upright and spray away from face, eye and body. Store below 50°C away from source of heat, sunlight & ignition.

Chain Cleaning Spray

Cleaning Spray is a special cleaning fluid Which has been developed for removing stubborn dirt such as greases, oil and fuel residues or other serious contaminants from bodywork without damaging any other parts of two wheelers. Cleaning spray has outstanding wetting and penetration properties and if used according to the instructions does not attack glass, rubber, Paint, chromium or aluminium. Cleaning spray is throughly biodegradable.

150 ml / 400 ml

2114

Silencer Coating

Silencer coating is a heat resistant (up to 600c). Corrosion protectivecoating for metals, based on a special combination of pure Zinc andAluminium and modern resins. It builds up a very heat resistant filmthat has good adhesion and anti-corrosion properties. The spray canbe used on many metals, such as iron, steel, galvanized steel, whiteiron and cast iron, copper, brass etc. It is mainly used on exhaust pipes,grills, stoves and provides them with a new look.

400 ml

2115

Anti-Rat Treatment

Anti Rat Treatment Spray is an easy to use, natural essential oil basedproduct. When sprayed it prevents rodents from nesting, travelingand congregating in unwanted areas.
