ABOUT US

is a key manufacturer, supplier and exporter of automotive components & parts including Oil Seals, Bush Kits, EPDM Hoses, Gear Lever Kits and Rubber & Mounting Parts for the commercial vehicle and passenger car segment. It is from the house of Safety International and belongs to a family which has been operating in the auto components industry for over 50 years. With a vision to become the most preferred auto components brand in the industry, the core and modern technologies being used in the manufacturing process bring the best possible range of automotive products reflecting quality, innovation and cost-effectiveness. The company offers a wide variety of components for different auto applications and works to match global quality standards and meet the needs of customers in a perfect manner.

We offer a wide range of products from the passenger and commercial vehicle segments. We are known for introducing new products and timely delivery in the aftermarket segment. Today, our products are readily available in most of the states of North, West and East India, along with international markets like Middle East, Europe and USA. Our products and processes are designed to meet international quality standards, thereby achieving completely safe and dependable performance.

With our state-of-the-art facility, manufacturing, defect-free auto parts, delivering world-class service and following stringent processes, Quality Comes First for us !
